A note to Participants

Please understand that many of the conveniences, which we accept as normal in the USA and some other countries, are not always as readily available in rural Italy. It is very important to bring with you all medications and prescriptions. Your needs may be difficult to meet in another country. You should understand that the electrical systems in Italy function on a 220-voltage current. We have done everything possible to make available any necessary electrical adapters that may be needed. However, we suggest you bring your own as well. You may experience a power or telephone outage during a storm or other related interference, which is fairly normal. Please understand that these occurrences are totally out of our control and that we cannot make refunds due to happenings such as these during your stay. Generally the outages are for short periods of time and will not

result in any major inconvenience. All day trips require walking. Streets in the hill towns are usually sloped and paved with chiseled stones. Comfortable walking shoes are recommended along with a variety of clothing for various weather conditions. Also, United States Customs does not permit meat products and other items into the USA. Please check before you purchase items to be sure they will be allowed entry into other countries.
